A genius point that hit this compulsive list-maker hard: To-do lists have a way of going off the rails. I was burned out from my internship, looked down upon my friends, and lost a family member whom I was very close to.

I enjoyed another book full of wisdom by Sarah Knight. She nearly lost the house. More about Sarah Knight. From that I understand that if a scrip To test env -S on the command line, use single quotes for the -S string to emulate a single parameter.

View all 4 comments. But he's not finding that to be true, because he lost so much. The first bit of practical advice was as follows, as to how to 'get your shit together' on p 1. We purchased the home at a good price for SLC, took out a HELOC [home equity line of credit] to do the repairs, and now we're just over a year in with upgraded plumbing and electrical, a remodeled kitchen, a new two-car garage, new floors, and lots of cosmetic updates.
