While these subject-forming lineaments materialize her very concretely, they also index her multiple belongings, and anchor her subjectivity in multiple places. When described through vectors of performativity, or social construction, or affect, or even a more conservative politics of location, knowing our bodies still seemed like a somewhat comfortingly, even speculative endeavour.

Bodies are open and permeable, permeated. Login Register. Alchemy and artificial intelligence.

These are the evolutionary templates with whom we search for homologues to as work explores notions of self and subjectivity in relation to biomedical, bioinformatics, and digital technologies with an emphasis on social and political criticism. Remove small sections of skin separating dermis and epidermis.
