about Linked Data.

For staff presentation, reviewing two recent events on the topic of emergin
For many of these and I count myself among them the person has
genuine restrictions on what they can do, but this is not
evident to others, who expect the person with the invisible
disability to be able to do much more than they really. Try.
Right now all that self-tracking data is information, I think
bigger problem is how to process, how to talk about it, what
to do.
