Their approach, based on a foundation of thoughtfulness that acknowledges the designer's responsibility not only for the functional qualities of the design product but for the ethical and aesthetic qualities as well, fills the need for a theory of interaction design that can increase and nurture design knowledge. This book is not a how-to manual, but a collection of tools for thought about interaction design. It'sinterestingandthoughtprovokinginplaces,IthinkIgotthemostvalue book is not a how-to manual, but a collection of tools for thought about interaction design.
