All Rights Reserved. Thus, for instance, Karl R. According to this teacher, children at her school were taught that there are just four elements and that the continents are islands floating on the ocean.

Whereas we know of the spirit, we no longer understand how to utilize spirit or Florin Lowndes. Today we may ask ourselves, justifiably, what we can do that will make our society and social institutions less tragic and menacing.

Save for Later. Vote Are you sure you want to submit this vote? It is becoming increasingly difficult to put into practice the great discoveries and principles of natural science while holding on to such spiritual beliefs. In subsequent school years the focus on primary sense-experience gives way to more generally experiential, phenomenological teaching.
