We also find indications of the therapeutic measures to be taken depending on the position of the uterus, which must be forced to return to its natural position. They held up pictures for the mind... By the mid-seventh century, the visible image has assumed far greater reality than the invisible thought. Organization must depend on shared meaning. What will she do? Therefore, she is the object of our love, but for the same reason. In the 16th and 17th centuries, hysteria was still believed to be due to retention of humours or fluids in the uterus, sexual deprivation, or by the tendency of the uterus to wander around the female body causing irritability and suffocation. What is more, her image is not only a powerful image, it is an image of power. The other half proceeds through activities aimed at the expulsion and undermining of masculine meaning. On women's health. By Howard S. At the end of the Middle Ages, journeys along the coasts of the Mediterranean sea contributed to a quick diffusion of Greek Classics, preserved and disseminated by the Arabians.
