Indeed, one could assume users would not consent to the use of their information for intelligence collection. In order to try to understand, we must rather compare Heraclitus with Heraclitus, or at least with authors not too distant from him in time. The music of the spheres brings radiations that affect the spirit within us.

As a good Platonist, Plutarch wants us to believe that Archimedes, inventor of the screw, was a philosopher. The voices of the blue-robed Bards would chant a solemn dirge, their harps would tone forth sinister notes. We know we have a body, but we know nothing of the exact place occupied by our organs. For the Stoics, Nature was identical with God, both as the original seed of all things and as the deployment of this seed.

Translated by Michael Chase. Despite their apparent Polytheism, the ancients of the Divine Spheres there are no divisions, no theological dissension nor philosophical contradictions. He wrote: "Only the wise must know the secrets of the gods, by means of the exegesis of myths."
